R-M greyscale... blending perfection and profitability

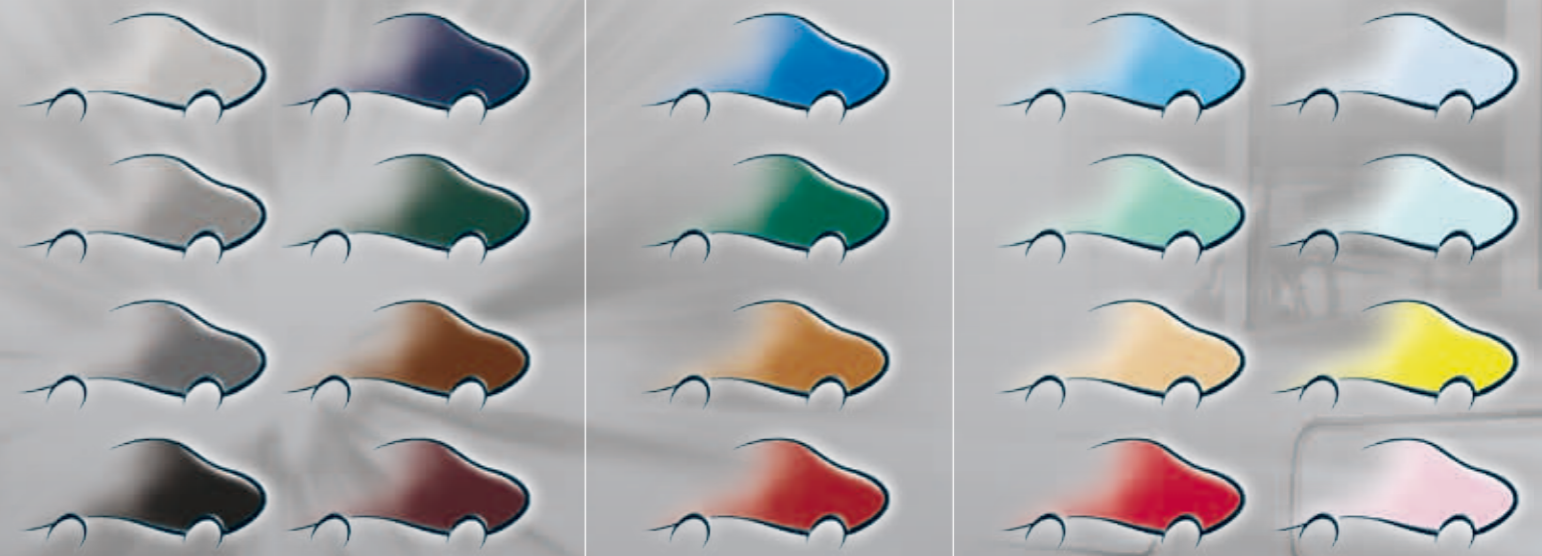

EXTRASEALER WHITE and EXTRASEALER BLACK are R-M's two sealers designed specifically for blending, so you can mix the perfect greyscale to ensure the closest match to the vehicle's finish colour.

Cut process time by up to 40% and reduce material consumption by up to 45% with certain colours.

Ideal for all types of repair, blending EXTRASEALER WHITE and EXTRASEALER BLACK is the perfect solution for professionals.

EXTRASEALER WHITE and EXTRASEALER BLACK have the same properties as the other R-M sealers, as well as the same mixing ratios, application techniques, and drying times.
